

Our mission is to improve the lives of animals in Carroll & Grayson Counties and Galax, Virginia, through spay/neuter, foster & rescue, emergency medical assistance, vaccination, microchip, and pet food and housing assistance programs.

- In 2024, our supporters helped TCHS to:**
- Spay or neuter and vaccinate over 1,000 community cats
 - Foster and rescue over 700 dogs and cats
 - Spay or neuter over 750 owned dogs and cats
 - Provide emergency medical assistance to over 90 dogs and cats
 - Administer over 700 vaccines and 330 microchips

Spay & Neuter
 Our primary goal is to provide spay/neuter for dogs and cats.
 Sadly, there are more animals than good homes. Our local shelter is full and makes difficult euthanasia decisions daily. Spay and neuter is the most humane way to reduce the population of homeless and unwanted animals.

In 2025, we are planning to spay and neuter over 2,000 dogs and cats!

Foster & Rescue

We also work hard to help animals that are in desperate need of a lifeline through no fault of their own. Thanks to our donors, we can respond immediately to take them in and give them the care they need.

Our plan for 2025 is to provide rescue to 100% of the animals that need our help!

Pet assistance
 We provide several owner assistance programs to help people keep their animals at home and out of the shelter. These include free or low cost vaccination, microchip, and pet food and housing programs, and emergency veterinary care subsidies.

In 2025, we are planning to provide over 1,000 vaccines, to help prevent deadly diseases in dogs and cats!

TCHS would not be able to care for all of the pets we do without our incredible supporters. We invite you to invest in our lifesaving programs to continue the work of saving animals in our community.

 Thank you so much for supporting the animals in the Twin Counties! Together, we can make a difference in the lives of thousands of animals!
